EDUCATION

Sir M. Visvesvaraya Institute of Technology

2023 - 2027

B.E. in Electronics and Communication Engineering | CGPA - 8.3

Bengaluru, Karnataka

Roseland International School

2021

CBSE - 12th grade | Percentage - 95.17

Rewari, Haryana

Roseland International School

2019

CBSE - 10th grade | Percentage - 93.40

Rewari, Haryana

TECHNICAL SKILLS

Languages: Kotlin, Python, C, C++

Mobile Development: Android Development, Jetpack Compose, Firebase, Realtime Database, XML

Core Concepts: Data Structures and Algorithms, OOPs, Problem Solving

Tools and Technologies: Git, GitHub, Android Studio, VS Code

Business and AI Skills: Requirements Gathering, Process Mapping, Generative AI, Prompt Engineering

PROJECTS

Blog App | Kotlin, Firebase Realtime Database, Firebase Auth, Android Studio

2026

- Integrated a global article feed with live like counts and cloud-synced data via Firebase Realtime Database.
- Engineered a bookmarking system allowing users to save and retrieve favorite articles across sessions with custom backend logic.
- Optimized UI performance using Glide for image rendering and Coroutines for asynchronous data fetching.
- Streamlined navigation by implementing Parcelable data passing and high-performance content rendering with NestedScrollView.

Chat Room App | Kotlin, Firebase Realtime Database, Android Studio

2025

- Built a real-time chat app with user login, chat rooms, and instant message synchronization.
- Used Firebase Realtime Database to broadcast and synchronize messages instantly across users.
- Designed clean UI screens and implemented room-based chat logic for smooth interactions.
- Managed authentication, message handling, and state flow using Kotlin.

Secure Authentication System | C++, File Handling, VS Code

2025

- Designed and developed a secure, terminal-based authentication system in C++ supporting user registration, login, and password updates.
- Implemented custom SHA-256 hashing for secure password storage without third-party libraries.
- Used modular programming with file-based storage (CSV) to enable multi-user support.

CERTIFICATIONS

The Complete Android and Kotlin Development

- Learned Android development using Kotlin, including UI design, Jetpack components, and Firebase integration.

Career Essentials in Business Analysis by Microsoft and LinkedIn

- Acquired knowledge of requirements gathering, process mapping, stakeholder communication, and case-based analysis for designing effective business solutions.

Career Essentials in Generative AI by Microsoft and LinkedIn

- Cultivated a solid understanding of Generative AI concepts, ethical AI principles, and productivity tools like Microsoft Copilot through Microsoft and LinkedIn Learning.
